
ONE OF THE FRINGE benefits that is offered the readers of this column on a more-or-less irregular annual basis at no extra charge is that we run in some "ringers" on you as guest columnists when we plan to be absent for any length of time.

The list of those who have participated in that capacity in the past include some of the outstanding civic leaders of the community.

"Constant Reader" and others, have indicated they have liked this change of pace. We think it was "Constant" who likened it to a breath of fresh air on a smoggy day, or something almost equally as complimentary (?) to the regular filler-of-this-space.

Anyway, more than 52 columns have appeared since you people have had a break. You deserve some respite from this type of exposure.

So you will get it in the next three columns.

-0-

THE "STABLE" OF guest columnists that have been lined up this time compare favorably with those who have tried their hands at it in the past.

As usual we have placed no restrictions on their output (except on space) which, of course, gives the "guest" an excellent opportunity to unload.

And, obviously, your editor could be the target in some instances. (Shucks, how many chances do they get?)

But that's an occupational hazard with which we have learned to live. Sort of.

Norm Paul, president of the Chamber of Commerce and vice-chairman of the Planning Commission, will sound off the first week.

Cliff Cassiday, who was associated with The Press for a number of years, will handle the second week.

Cliff, a long-time member of the Campbell Rotary Club, has been the editor of the "Campbellarian", the weekly Rotary Club bulletin, for more years than he cares to admit. "The Campbellarian", under Cliff's direction, has long been rated as one of the outstanding club bulletins in the state.

Dr. Nicholas Montesano, superintendent of the Campbell Union High SChool District, is the third member of this distinguished "stable" of guest columnists.

Nick's recent oral presentation at a CofC luncheon meeting of what is now taking place and what lies ahead in secondary education was graphic as well as informative. We have a hunch his written presentation will be equally well received.

So, there you are.

We are looking forward to this journalistic uplift, even on a temporary basis, for The Campbell Press.

Aren't you?

ONE OF OUR GUEST columnists a couple of years ago was the Rev. W. H. (Ben) Gould, pastor of the First United Methodist Church in Campbell for the past 10 years and probably the most consistent plugger and worker for civic improvement in the history of this community.

In 1969, Ben was named "citizen-of-the-year" but his energy and his enthusiasm has not been confined to any one year. It has been continuous.

If anyone deserves the accolade of "citizen-of-the-YEARS", in our opinion, it would be Ben.

For example, for four successive years, the Rev. Gould has served as chairman of the Congress for Community Progress.

But those are just "minor" details that illustrate that Ben believes in his community and is willing to go to bat for it.

The Rev. Gould is a candidate for the governing board of the West Valley Community College. The election is on Tuesday, October 26.

Second quarter retail sales for 1971 in Campbell set new high record

Taxable retail sales for Campbell set a new high record in the second quarter this year with a total volume of $17,513,000, an increase of $3,680,000 over the same period in 1970 or about 26%, according to the report of the State Board of Equalization.

That is by far the greatest single quarter volume in this city's history. Statewide it was also a new second quarter high with $11.6 billion or a year-to-year gain of 6.4%.

The report also indicated that the first time in 16 years, second-quarter sales in the state surpassed those of the preceding Christmas quarter, which was also true in Campbell.

During the fourth or Christmas quarter last year, the taxable sales in Campbell totalled $15,320,000 which was $2,193,000 below the second quarter this year.

The taxable sales are those subject to sales tax. The City of Campbell derives slightly less than 1% in sales tax income from the total.

During the second quarter, Campbell topped Los Gatos in taxable sales by $1.8 million. Los Gatos totalled $15,678,000 of which $7,186,000 was from auto dealers and auto supplies, a category which shows only $136,000 for Campbell which has no auto agency within the city limits.

In Campbell, as usual, "home furnishings and appliances" and "building materials" led in taxable sales. Both categories showed big gains over the same period in 1970.

Home furnishings accounted for $2.8 million compared to $2.1 million in 1970 or a gain of $738,000 and building materials hit $2.7 million compared to $2.2 million or an increase of $469,000.

Every category except "auto dealers and auto supplies" and "drug stores" recorded an increase in taxable sales for the second quarter this year over last year. The "auto" division dropped from $157,000 to $136,000 and the "drug stores" declined to $264,000 from $280,000 in the previous year.

The increase in the "general merchandise" stores for the second period was phenomenal, the report shows, going from $190,000 in 1970 to $580,000 in 1971, an increase of 300%.

Taxable sales for apparel stores more than doubled, increasing from $186,000 in 1970 to $377,000 in 1971. A big increase was also recorded for "food stores" from $1.3 million to $1.5 million, "eating and drinking places" went from $1.1 million to $1.4 million.

Liquor stores showed only a minor increase from $489,000 to $539,000 and the increase for service stations was only $6000 from $258,000 to $264,000.

Another big gainer was "other retail stores." This category registered an increase of $535,000 from $972,000 to $1.5 million.

Among the 15 cities in the county, Campbell ranked sixth the second quarter in taxable sales. Ahead of this city was San Jose ($233,492,000); Santa Clara, ($65,357,000); Palo Alto, ($56,322,000); Mountain View, ($44,926,000) and Sunnyvale, ($43,440,000).

Next to Campbell with $17,513,000 was Cupertino with $15,748,000, edging Los Gatos with $15,678,000. Other cities and their totals included, Los Altos ($10,367,000); Gilroy ($8,145,000); Milpitas ($7,771,000); Saratoga ($3,287,000); Morgan Hill ($3,202,000); Los Altos Hills ($202,000); and Monte Sereno ($7,000).

$17.9 MILLION TO DATE

Building in city sets new record

There was no slackening in September the torrid building pace in Campbell which has already broken all existing records for one year, according to Wally Byron, building official. Permits for "multiples" have been largely responsible for this upsurge, the figures show.

During September Byron's office issued $1.9 million in building permits raising the total for the first nine months of 1971 to $17,942,793. In September 1970, the permit total was $714,407.

The total for all 12 months last year was just a little more than $6 million.

Three permits for multiple dwellings during September accounted for the huge increase in building activity. The three permits for a total of 156 units came to $1,760,000.

M. H. Podell at 999 W. Hamilton was issued a permit for a 116-unit apartment complex for $1,269,014 and Phil Sondeno took out a permit for a 36-unit apartment at 100 S. Union Ave. for $439,480. The other permit went to Ray Kanawyer for four units for $52,033.

Since the first of the year there have been 105 permits issued for apartments for a total dollar value of $13,448,530. For all of last year there were seven such permits for $2,248,057 of this type.

However, with the exception of the activity on the multiple building front, the month of September was one of the more quiet months, according to the report.

There were five permits issued for alterations for $15,140 and five for swimming pools for $18,400. Five sign permits came to $2,725 and the category "other" had 13 for $109,516.

And that was the extent of the September "business".

But the total for the year remains impressive.

There have been, for example, four permits issued for single-family dwellings for a total of $89,255. In 1970 there were no single-family dwelling permits taken out within the city limits.

There have been to date (nine months), 22 permits issued for commercial buildings for $2,551,103. Last year by the same period there were also 22 such permits issued for $2,472,000.

To date there have been 14 permits for industrial buildings for $934,912. Last year there had been 10 such permits for $627,283.

And there has been a sizeable increase in the number of swimming pools this year. For the first nine months, 42 pool permits have totalled $122,480 while last year there had been 23 such permits for $75,490.

To date the 87 alteration permits total $499,902 compared to 81 last year for $414,188.

And there have been twice as many permits for signs this year than last.

During the first nine months, 62 sign permits totalling $75,190 were issued as compared to 31 in 1971 for $32,370.

Committee may change its name

Whether the Beautification Committee should be disbanded and replaced by an Environmental Commission will be discussed, Thursday evening, Oct. 14 at a public meeting at the city hall.

In the short history of the Beautification Committee, the members have held home and business contests, directed at the San Tomas Expressway and Fire Station Headquarters, and spearheaded the building of Gomes Park.

At the same time that beautification progress was made, concern over environmental and pollution problems rose to the point that pollution can be considered an imminent worldwide disaster, according to Mrs. Jeanette Watson, chairman of the committee.

In view of this the Campbell Citizens for Beautification meet Thursday, Oct. 14 for the purpose of disbanding in favor of an Environmental Commission.

Discussion will focus on the scope of the commission. Recommendations will be forwarded to the City Council. The meeting is at 7:30 p.m. in the council chambers at City Hall.

PruneYard readies for grand opening

WHERE IT'S AT--Most of the events held in conjunction with the Grand Opening (Oct. 21-25) of the PruneYard shopping center, Bascom and Campbell Avenues, will center in the Gran Plaza, which contains an outdoor amphitheater and a kiosk.

Daily continuous entertainment from noon to 10 p.m. will be held beginning on Thursday, Oct. 21 and will feature combos, singers, bands, and variety acts.

On Sunday, Oct. 24, Miss PruneYard will be selected. (Applications for the contest are on page 9.)

Prizes offered during the celebration include a six day all expense paid vacation for two in Puerto Vallarta and Guadalajara, two color television sets, and six $100 merchant certificates. Other merchant's certificates will be given totalling $700.

During the Gran Plaza shows, there will be a kiddie circus in the parking lot, helicopter rides and art and auto shows.

The multimillion dollar center saw its first business open a little over a year ago and now is almost filled. Its operations include a number of restaurants, banks, clothing shops, specialty operations, three theaters and a supermarket. Adjoining the PruneYard is the 18-story Towers office building.

Enough money comes in to pay for tower

Enough money has been contributed to pay for the clock tower at the city hall, Chamber of Commerce officials have reported and no more donations are being solicited.

CofC directors, however, have recommended that any surplus in the clock tower fund should be used to purchase a tree to replace the one that was adjacent to the city hall but had to be removed because it was diseased.

However, the decision on the use of the money will be made by the clock tower citizen committee which is headed by Bob Tellesen.

According to Len Edholm, manager of the CofC, during the final week of the drive for donations, $175 was raised which brought the total to $1631 that was raised from individuals. Edholm said that with the previous fund-raising activities, a total of $4641 had been deposited to the clock tower fund.

During the final week contributors included, Bill Hedley, Wheel-Away, Action Realty, Pete Messa & Sons, and PG&E.

Plans for furniture store go to Commission

Plans for a 157,000 square-foot furniture store to be located at 600 E. Hamilton will be up for approval at the Planning Commission meeting next Monday, Oct. 18. The commission meets at 7:30 p.m. in the council chambers at the city hall.

Applicant is the Federated Department Stores, Inc. parent organization of a number of Bay Area large department stores. The store in Campbell, however, will be exclusively a furniture outlet, according to the information submitted.

Other items on the agenda next Monday include remodeling plans submitted by Dr. J. F. Font for a residence at 106 E. Campbell Ave. The residence is to be converted into a professional office as a speech and learning center. The Planning Commission previously granted a use permit for the conversion.

Vito Agriesti has submitted plans for a six-unit apartment complex at 892 Michael Drive and Patricia Fletcher is requesting modification of plans of a commercial building at 1610 La Pradera to allow a

Damage suit goes to board

On the agenda for the Campbell Union (elementary) School District board meeting this Thursday, Oct. 14, at 7 p.m. is the claim for $575,000 in damages filed by Neal Royer, deposed superintendent of the district.

Royer, who has accepted a school position in southern California, was demoted a year ago as superintendent but continued receiving his superintendent's salary until June 30. His contract as superintendent would not expire until June 30, 1973.

Royer has also notified the board that he intends to file a suit for $1,075,000 in damages for defamation of character against the three board members, Dr. Richard MacQuiddy, Mrs. Eleanor Graham-Armstrong and Ralph Steinberg, who voted to demote him, an action that created an unprecedented turmoil in the district.

Other items on the agenda include an enrollment report for the district and information on the president's wage and price control directive as

Newspaper week

The week of October 10-16 is National Newspaper Week. This is the one time during the year when the more than 9,000 weekly and daily newspapers of the nation join hands, as a group, and make a concerted effort to promote a better understanding of newspapers and the vital role they play in preserving the great American way of life, which we cherish.

Newspaper Week was instituted nationally in 1940, and is sponsored annually by Newspaper Association Managers, Inc., a nationwide organization of state, regional, and national press association managers.

"Newspapers - Growing with America" is the theme for this year's observance.

Newspaper Week is one of the more significant of the many special weeks observed in this country. It is one which seemingly at first glance is important to only one kind of business, but actually it is of major importance to every citizen.

This week is not primarily set aside for newspapers to indulge in self-praise, but it is a time to remind readers of the fact that growth in this free nation goes hand in hand with growth in its free press.

Wars have been fought to gain and preserve our independence. So, too, is battle waged by the newspapers of our country to defend and guard the freedoms and rights of a free people. This is a never-ending fight, quiet at times, at other times loud - but always on behalf of the American people.

Newspapers are a vital part of the American economy, purchasing many millions of dollars of materials each year and offering, through advertising, opportunities for businessmen to increase their revenue and for buyers to use their money to the best advantage.

It was Eugene Fitch Ware who said: "No town can hope prosperity and trade, Unless the press shall vigorously aid."

Young editors hear auto theft story

Sixty-seven high school newspaper editors from Santa Clara County went to an Auto Theft Prevention Conference recently at the San Jose Hyatt House.

The main prupose of the conference, sponsored by San Jose Police and the National Automobile Theft Bureau, was to impress upon the student editors the need of discouraging youth involvement in auto theft and reminding them of the consequences.

Among the speakers present were: Joseph Galiardi, chairman of the Bay Area Anti-Car Theft Committee; Gary Leonard, detective sergeant of the San Jose Police Department's Auto Theft Detail unit and Eugene Halm, Pacific Coast Manager from the National Automobile Theft Bureau.

"Auto theft is a crime of youth---the first crime for many," Galiardi said. "Currently, 79 percent of the arrested car theives are under 21, and over half are under age 18," he noted.

Galiardi pointed out the safety factor related to car thefts. A stolen car is 200 times more likely to be involved in an accident. One in 90 auto deaths occurs in a stolen car.

One of 5 cars stolen is involved in an accident. In 1970, 153,000 stolen cars were involved in accidents. The toll, 21,000 injured, 600 killed.

Sergeant Leonard, San Jose Police Department, said, "stealing a car for thrills or joy rides only leads to court and jail." He went on to say that once a youth is arrested for auto theft, he has a record that marks him for life. It affects his education, job references, and his entire future. The result is an indelible mark on one's character," Leonard concluded.

Eugene Halm of the San Francisco NATB office noted that of the 6000 cars stolen in Santa Clara County last year, 80 percent were unlocked. He urged that all drivers remove the keys and to be sure the doors and windows are closed and locked whenever they park their cars---wherever that may be and no matter how quick the stop may be.

"The Key," a 15-minute color sound film was shown to the group. It told of a typical car theft and its tragic results.

After the conference, the police department and the National Auto Theft Bureau provided the students with a luncheon.

This is the first elective office that this community-minded individual has ever sought.

We sincerely hope that his community on October 26 will give him the vote of confidence that he deserves.

A big vote for Ben will be tangible evidence that we all appreciate what he offers the area in leadership, enthusiasm and civic pride.

He will bring to the board the same energy, the same enthusiasm, and the same spirit that has made him a legend in this community.

You see, Ben doesn't know how to act otherwise.

The college district is fortunate to have a man of his caliber willing to serve on the governing board.

There are 16 candidates for trustee in the special election on Tuesday, October 26. The election is necessary to fill the vacancy that was created by the untimely death of Bill Homan.

All but three of the candidates (Ben and two others), reside in the southern part of the district.

We are not personally acquainted with any of the other candidates.

But we do know Ben.

-0-

OUR RECORD FOR voting in every election for which we have been eligible will not be impaired on Tuesday, October 26.

Although our schedule calls for us to be out of town on that date, Ben already has his two votes from our household via the absentee ballot method. (We happen to know how our wife voted.)

This has been one of the few times that our little Dorothy has told us how she was going to mark her ballot beforehand.

Admittedly there is a direct relationship between this column and the editorials that appear in this sheet. As a rule they both are written by the same guy.

Quite candidly there have been times when we have given some thought to expressing one concept in the column and then bitterly opposing that viewpoint in an editorial.

Such a maneuver on occasion might have taken us off the hook. But in an operation as minor league as ours, that wouldn't work. The buck stops pretty fast.

So we think it is pretty safe to predict that The Campbell Press will editorially endorse William H. (Ben) Gould for trustee of the West Valley Community College District in the issue next Wednesday, October 20, the last edition before the election on Tuesday, October 26.

In fact we wrote the editorial before we left on our vacation.

ONE OF THOSE HOODlum acts that you read or hear about taking place in substandard areas recently occurred in one of the "better" residential sections of town.

Although the incident occurred in "county", it still happened to be Campbell for all intents and purposes and mighty close to home.

A 13-year old boy was given a bike on his birthday.

He was happily pedaling away on the vehicle just about a block and a half from his home when he was accosted by a hulking youth about 16-years old, who appeared to be under the influence of drugs or liquor.

The birthday boy was told to get off his bike and the hood then proceeded to ride off with it.

And that's the last that was seen of the bicycle.

Sure, we know, the police files are full of such cases.

But when it happens in daylight just a few blocks east of Bascom where homes range from $40,000-up, it makes one wonder.

And worry.

-0-

LAST WEEK WE WERE 'way out of our depth as far as the $$$ sign was concerned.

The news story about the suits filed by Neal Royer against the school district and three board members reported that the litigation exceeded $2 million.

We added the figures involved incorrectly. The total should have been around $1.6 million.

We merely made $75,000 into $750,000.

A neat trick, if you can do it.

We really had some excuse.

You undoubtedly read in the San Jose dallies where the Grand Jury had indicted some people for embezzlement in which $1 million or more was involved.

The papers revealed that it took two nights to hear the testimony and review the evidence presented to the Grand Jury.

So one might say that we were dealing in millions last week. It is easy for us to get confused when the $1000 mark is passed anyway, in our league.

Besides, our adding machine doesn't go too high.

In our business, there has been no need for it.

The hearing on the zone change application of J. L. Eichler Associates for property at 540 and 560 W. Latimer which was continued from the last meeting is also scheduled next Monday. The Eichler firm wants the zone changed from P-D (planned development) to R-2-S. The P-D was placed on the 7¼-acre parcel on San Tomas Expressway when town-houses were planned for the site, Eichler claims that town-houses are not realistic at this time and is asking for zoning that will allow multiples.

Fran Dorsa is requesting a use permit to expand the car wash facility at 981 E. Hamilton which has not been in operation for some time.

The Commission is also scheduled to set hearing dates for two pre-zoning matters involving areas in the process of being annexed to the city.

DARTING AROUND

with Tom Carroll

Those dart players that travel over the hill to Santa Cruz are in for a very pleasant surprise if they stop in at Dick Turpin's Pub, 44 Front St. Dick Turpin was a notorious highwayman of the English countryside. The son of a pub owner, he was a frequenter of many of the country pubs.

Dick Turpin's Pub is a bit of old England just off the ocean. All the English delicacies, steak and kidney pie, etc., are available as well as a good pint of ale. The pub has many comfortable booths and a large room in the back with three dart boards. There are 14 rooms upstairs that will probably be converted into banquet rooms or sleeping rooms.

HIGH SCORES

It is only the second week of competition and already we have our first 180 of the season. Dave Roger of Pinky's Pizza Parlor I in Ignacio popped the perfect three triple 20's and went on to win a 12-dart game.

Closer to home, Jim Macredes shot back to back 140's; 280 points in six darts. Other 140's in the South Bay area were: Jack Mehtala of the Andy Capp's backed his 140 up with 2 tons (100's); Paul Schultz of the Banbury Clock I also did a nice job following with a 125 and a 12-dart game.

The Lancashire Lad's John Forbes also hit a 140. There was only one other 140 shot in the NCDA last week, that was by Mark Quintana of the Bel Aire I in Concord. Another high scorer was Al Tittman of the Say When, who popped a 154.

LEAGUE STANDINGS

There are tight races in both the El Camino and South Bay League's "A" Division. A three-way tie in the El Camino is matched with a two-way tie in the South Bay. The El Camino leaders are Andy Capp's Tavern of Sunnyvale, Prince of Wales I in San Mateo and Campbell's Black Knight all tied with 12 wins. One game behind is the Black Watch I of Los Gatos.

Leading the South Bay are the Lancashire Lad I and Scarlet La Rue's I both of Los Gatos with 15 wins. Three games behind are San Jose's Banbury Clock I and Primrose Lanes I from Burlingame.

In the "B" Division the leaders each have a two-game lead. Black Watch II leads Banbury Clock II in the El Camino. The Gaslighter II Reruns have two games over the Primrose Lanes II in the South Bay. The season is still young and anything can happen between now and February.

TONY RYDLEWSKI

Student receives national honors

Tony Rydlewski, a Blackford High School student, was elected president of the National Junior Classical League at the annual convention held in August in Norman, Oklahoma.

Blackford Latin students who also attended the convention were Marcia Wiese, Charlotte Sprague, Jeanette Stamper and Steve Prader. Louise Chew, regional chairman for the Northern California Junior Classical League, acted as chaperone.

The convention was covered in part by local television stations who gave special attention to the Roman procession. Another special feature was an exhibition of Greek Folk Dancing.

Activities dealing with elections ranged from speeches before the General Assembly to personal campaigning, which meant 18 hours a day for some candidates.

Candidates were asked to state their views and aims in a session resembling "Meet the Press." These interviews took place in front of a delegation of League representatives from more than 30 states.

P.E.O. meets

A coffee social at 10:45 a.m. on October 20 will open the fall season of the P.E.O. Reciprocity Bureau, Santa Clara District, and will be held at the Fireman's Hall, 14416 Oak St., Saratoga.

Reservation deadline for the social is October 15.

A business meeting at 10:00 a.m. will precede the coffee-social hour, with Mrs. Laurie Y. Scott presiding. Mrs. Lawrence Daigh is unaffiliate chairman.

All P.E.O.'s are cordially invited, and Mrs. William Puterbaugh urges all unaffiliated members to attend. For reservations phone 296-8311 or 354-2335.

Elizabeth and Patrick wed at St. Lucy's

MR. and MRS. CHARLES MAURER

Elizabeth Langford and Charles Patrick Maurer were joined in marriage by Father Gerald Horan in a morning ceremony at St. Lucy's Church recently.

The couple left for a seaside honeymoon following a reception at the home of the bride's mother, Mrs. Vivian Langford, 109 Budd Avenue.

Elizabeth was given in marriage by her brother, Fraser. Her gown was white taffeta with fitted waist and a full skirt. The dress had slim long sleeves and a modified v-neck.

She carried a bouquet of white stephanotis around a lovely white orchid.

Her mother also wore a white orchid on her blue crepe dress, highlighted with a blue satin sash.

Her only sister, Melody, as maid of honor, wore a forest green taffeta gown and carried a bouquet of yellow daisies.

Mary Langford, her sister-in-law, and Linda Bernal and Pamela Monahan, as bridesmaids, accented Melody's attire in their light green gowns.

Best man was Terence Monahan, and Byron Schwander and Bill and Jim Langford, brothers of the bride, ushered.

The newlyweds will make their home in San Jose.

Bruce and Debra exchange vows

MR. and MRS. BRUCE CALHOUN

The newlywedded Mr. and Mrs. Bruce Calhoun left for a honeymoon to the Santa Cruz - Carmel area following an afternoon ceremony at the Campbell Methodist Church.

Debra Muriel Nelson, graduate of Campbell High School, walked to the altar carrying a 97-year-old prayer book of her great-grandmother's, along with a bouquet of red roses and white carnations.

Debra was attired in a traditional gown of chantilly lace with a sabrina neckline, a tiered bouffant skirt and a chapel length train. Her silk illusion veil was held by a headpiece of lace and pearls.

Daughter of Mr. and Mrs. Julian C. Nelson of 830 Monica Lane, Debra chose her cousin, Kathryn Stone, as maid of honor and her niece, Heidi Hogan, as flower girl. The bridesmaids were Donna Mulcahy of Campbell and Karen Stinnett. Debra's attendants wore blue empire-style gowns.

Bruce Craig Calhoun, son of Mr. and Mrs. John Calhoun, attended Blackford High and Bellarmine College Preparatory School. He is stationed at Beale Air Force Base, in Marysville.

His best man was Gary Harwood. Ushers were Michael Matthews and Brett Calhoun, brother of the bridegroom. Jeffrey Hogan, the bride's nephew, served as ring-bearer.

Bruce and Debra greeted their guests at a reception in the church's fellowship hall following the wedding.

JOINING SELECTED CENTERS--Campbell resident Victor H. Owen III, (center) president of the Board of Directors of the Voluntary Action Center of Santa Clara County, discusses future plans for the center with representative community leaders Robert Feaster of the Bank of America, and Mrs. Huette Down of the Voluntary Action Center Board of Directors. Henry Ford II, Chairman of the National Center for Voluntary Action announced recently that the local center has been selected as one of 32 communities serving throughout the nation.

Volunteers become a model center

San Jose has been chosen to serve as a model Voluntary Action Center serving Santa Clara Valley, by Henry Ford II, chairman of the National Center for Voluntary Action.

This center is among the first 32 communities selected from throughout the nation as the beginning of the National Center's network of local Voluntary Action Centers.

The announcement was made to a group of Santa Clara County representative community leaders at a meeting hosted by the Voluntary Action Center of Santa Clara County. Guest speaker was Rhoda Andersen, director of the Western Regional office of the National Center for Voluntary Action.

The Volunteer Bureau of Santa Clara County has now become the Voluntary Action Center of Santa Clara County with headquarters in San Jose. With continued support from the United Fund, the Voluntary Action Center will continue to serve the community as the Volunteer Bureau has done for the past 22 years.

This includes the coordination of volunteer programs throughout the area in addition to matching needs to resources and working directly with people who want to help in existing programs, and with agencies and institutions.

Mrs. Cynthia Strite will continue to serve as Executive Director.

Campbell High has can project

The Campbell High School Art Commission and the Science Club have started an aluminum recycling campaign.

The school is supplying an old wooden newspaper bin for the depositing of empty cans, located in the faculty parking lot on Winchester Blvd. (The newspapers are being donated to the St. Lucy's paper drive.)

The funds received from this project will go towards a pottery wheel in the art department. Funds will also help finance field trips through the science department in order to give students educational experience in the study of nature.

Local citizens are encouraged to:

"Save your aluminum for a worthy cause,
Help ecology and obey the laws,
Don't throw empties in the street,
Keep our fair city clean and neat,
Do your part if you 'can',
And join the C.H.S. recycling plan."

Prospect's Prophecies

by Phyllis Voigt

Hi, I'm Phyllis Voigt, a senior at Prospect. I will be here as often as possible, for the rest of the school year, to let you know what is going on here at the school.

On Sept. 24, the Panthers varsity team lost a good game to Lynbrook, with a final score of 18-13. The Frosh-Soph teams tied, 8-8. On Friday, Oct. 1, the Panthers beat Los Gatos, ending the game with a score of 26-21.

On Oct. 8, on Prospect's field, the Panthers meet the Saratoga Falcons for our first home game of the season. Oct. 15 is the date set for the game between Prospect and Westmont, which is to be played on Westmont ground.

The first social event of the year is to be held on Friday, Oct. 15, following the Westmont-Prospect game. It is to be the first of five "All-School" dances to be held throughout the year.

The purpose of the dance is to get all four classes together to meet and mingle to the music of "Mouse." Admission is by student body card, or guest pass, which must be bought by a Prospect student. Refreshments will be sold, and school dress is appropriate.

On Tuesday, Oct. 12 there is to be a PTA meeting. All interested Prospect parents are invited to attend.

On Oct. 19 the PSAT National Merit tests will be given to all interested juniors. These tests will last from 8 a.m. until noon.

On Thursday, Oct. 7, Prospect's junior journalism class videotaped a news broadcast. This was to give the students a chance to do some real reporting, and to see what it is like behind the scenes of a television news program.

TENSE MOMENTS -- The crowd which watched a midnight fire at 2035 Winchester Blvd. recently were concerned at the plight of firemen who climbed in and out of a second story window, while smoke and flames were clearly visible. David Cohen, photographer on the staff of West Valley College's Norsemen, chronicled the action and supplied these photos.

The blaze destroyed the wooden converted apartment house owned by Mrs. Charlotte Thompson of San Jose. The alarm was sounded by Campbell Police officers and Campbell firefighters were aided by San Jose Fire Department. Traffic was detoured from Winchester Blvd. for almost two hours.

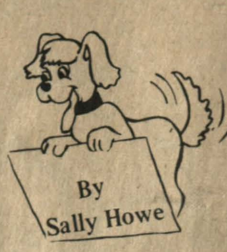
Bringing up fido



By Sally Howe

Care of the old dog is important.

The old dog is affected more by heat and cold, dirt and grease, diet and other factors.

He's just as good as he was at two (maybe better---for at twelve he no longer digs in the garden) but he may require a little looking after.

First check with your veterinarian as to diet; does he need a geriatric supplement? Are his shots up to date? Ears and eyes clear and clean? Keep his nails clipped. If he is less active, he may no longer wear them down.

Baths are more important and so is brushing.

HOW TO BATHE

I have found that the family bathtub is the best place to bathe Fido.

First, I collect up old towels, place a rubber mat on the bottom of the tub and attach a sprayer to the faucet. Dog shampoo, flea dip and cream rinse are all placed within easy reach.

Before the bath, Fido and I go outside. I lift him up on a table and brush him thoroughly.

(If your dog has a long coat, don't bathe him until you've gotten out every single mat--even if you have to take scissors to them. Once the dog gets wet---there's no way to untangle those hairs!)

Then I put on a big apron, scoop up the dog and the brush and put him gently, but firmly into the tub (and close the door behind me.)

If you approach the bath positively, your dog is less likely to panic.

Other mistakes to avoid: water that is too hot (test it first); not scrubbing the dog's underside; not rinsing clean.

Don't put water in the tub and have the dog stand in it---that scares him. If you don't have a spray attachment, use a small kettle and pour the water over him, but leave the drain open.

Be careful of getting water in the ears, but do clean the ear leather. Use a swab to carefully remove other dirt.

Soap him and rinse him two or three times. With patience he can be taught to lie on his side and allow his belly to be scrubbed.

When he's rinsed well, hold a towel over him and allow him to shake (don't allow it before that---dogs will try to shake all during the bath, but tell them "no.")

Wrap him in several towels. If it's a warm sunny Saturday, return to the table outside for a brisk toweling and brushing.

It's right after bathing that dog owners make the most common mistake---turning Fido out into the backyard where he immediately rolls in the dust.

If he's too big to carry -- then he's not too big for a leash and collar!

He does NOT have to relieve himself -- after all, he goes for hours while you are gone!

If the weather is cold, then put a table in the garage, preferably topped with rubber matting. Watch closely that he doesn't jump off.

When you bathed him, hopefully you also washed his brush and comb, and now you're going to use them.

First dry his ears and muzzle, then between his toes to prevent fungus infections.

Next comes the brushing. Go easy, so that you don't make him sore, but DO get down to the skin and get all the loose hair out.

When he's thoroughly dry, he'll be a happier, more comfortable pet and a much more welcome visitor to the house.

Church women plan events

Women of the Congregational Church of Campbell will hold their fellowship meeting on Thursday, Oct. 21, at the church, 400 W. Campbell Ave.

An 11 a.m. tupperware party will precede the noon luncheon and Mrs. Mary Osenbaugh will give a book review of the Reverend Dennis Bennett's "Nine O'clock in the Morning."

Mrs. Bea Lillingston is president of the women's fellowship.

Visitors are welcome.

Morgan award to be given at dinner honoring police

Police departments of Campbell, San Jose, Los Gatos and Santa Clara, as well as the California Highway Patrol and the Sheriff's department, will be honored by the San Jose Shrine Club at a dinner dance at Lou's Village on Thursday, October 21.

A newly created award in honor of John D. Morgan, chief of police of Campbell, who was stricken with a cerebral hemorrhage last February, will be presented.

The award will be given to an officer of one of the six police departments being honored. The award is based on scholastic achievement in police science and community achievement.

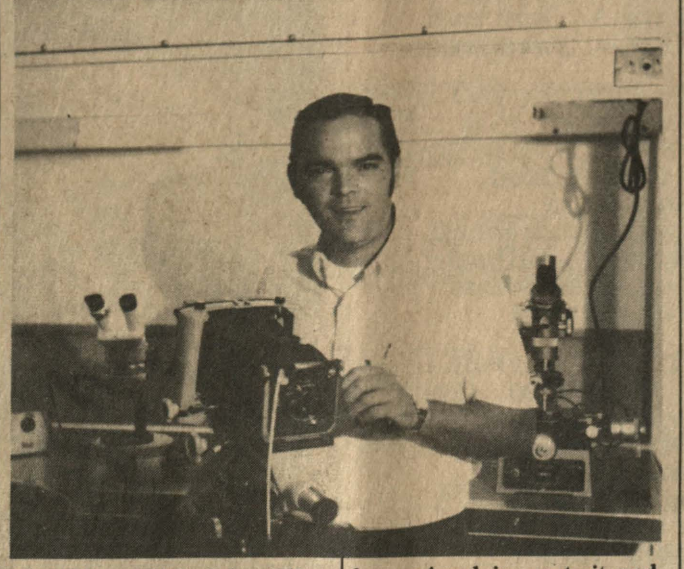
Rev. William (Ben) Gould, of the Campbell United Methodist Church, will assist in making the presentation.

Speaker for the evening is well-known columnist Norvil Gillespie, vice-president of the California Anti-Litter League.

Reservations for the dinner may be made by calling Mrs. Mary Dixon, 378-7440. Reservations are due by October 19.

Chairman for the event is Chuck Ellner, treasurer of the San Jose Shrine and a member of Campbell's police reserves.

The San Jose Shrine Club is a non-profit organization and, according to Ellner, "wants as many Campbell citizens as possible to attend the recognition event".



CAMERA BUG---John Bliss, who has opened the Bliss Photo Service at Kirkwood Mall recently, entered the photo field ten years ago and has majored in portrait and commercial work at De Anza College. Bliss expects to expand his range of services in his new location.

PG&E $4000 scholarships

High school seniors living or attending school in areas served by Pacific Gas and Electric Company has been reminded by the company of the October 30 deadline for filing applications to compete for one of PG&E's $4,000 college scholarships. Application forms are available at any company office or through school counselors.

Dr. David B. Stewart, director of PG&E's educational activities, said 16 scholarships with a total value of $64,000 will be awarded next April. Each winner will receive $1,000 a year for four years of college study.

Twelve regional scholarships are apportioned among geographic operating divisions of the company in Northern and Central California. These scholarships are awarded to students who reside or attend high school in the designated area for each award.

Two scholarships will be awarded for special recognition of students recommended by their schools for their achievements despite disadvantages. The remaining two scholarships are awarded to students whose parents or guardians are employees of PG&E.

The latter four awards are made in competition throughout PG&E's service area.

PETITIONS SOUGHT

Assemblyman Floyd L. Wakefield recently announced the appointment of Mike Brunet as county chairman. Brunet will head the efforts to collect signatures to place a constitutional amendment for lowering recent legislative pay increases on the ballot.

Parapsychology is subject of college series

An introduction into the world of parapsychology will begin at West Valley College on Nov. 4.

For six Thursdays (through Dec. 16) from 7 to 10 p.m. instructor Gina Cerminara will systematically survey the field of parapsychology.

The course will include an historical background, the major types of phenomena, the evidence for survival and reincarnation, the pitfalls and dangers of the field, and some methods of developing one's own extra-sensory perception faculties.

The class will also trace the beginnings of parapsychology from ancient Greece to the findings of modern studies now being made at Duke University.

Miss Cerminara is an authoress who has written three books on parapsychology: "Many Mansions," "The World Within," and "Many Lives, Many Loves." She has lectured in the U.S., England, Ireland and Japan.

Interested participants should register and pay a small fee for the course in the Office of Community Services, 44 E. Latimer Ave., Campbell, room L-26. Further information may be obtained by calling that office at 379-1733, ext. 58.

Due to limited enrollment, registration will be on a first-come, first-served basis.

HOW ABOUT THIS?---One advertiser who wants to make sure that the public sees his ad in the Campbell Press is Ward Pinther of the Straw Hat Pizza, 1400 W. Campbell Avenue. (And because Ward is such a nice guy, we kind of think he'd be pleased if you'd read all the paper.)

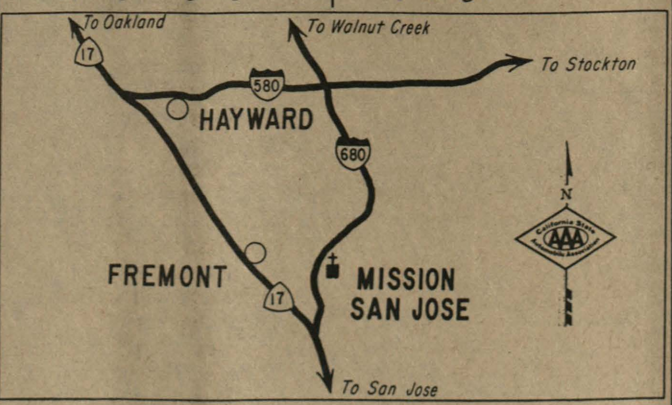
GETTING BURNED --- The commercial printing department of The Campbell Press, headed by Brent Ulrich, really got all fired-up when they undertook a specialty job recently for Chuck Roberts and Lou Regilio, of the advertising and promotion department of General Electric located in The Towers.

A special invitation on parchment paper was first run off the presses and then after it was printed the edges were scorched to simulate an old treasure map.

In the above photos on the left, Shirley Hess applies the torch while Brent carefully adjusts the stack of invitations keeping out of the way of the heat. (Note the convenient location of the fire extinguisher.) The finished job can be shown on the other photo as "torch." Hess does some fancy edging.

Trees add to historical scene at Mission San Jose

As you drive along Highway 238 northeast of San Jose, you pass a group of tall, trees, some of which had their beginnings back over a hundred years ago.



The trees epitomize the heritage of early-day California, says the California State Automobile Association, and set the scene perfectly for the sight of Mission San Jose de Guadalupe located on Mission Blvd.

This was the 14th mission and was founded on June 11, 1798 by Father Fermin Lasuen, father-president of the Missions who had succeeded Father Junipero Serra.

The mission was stocked with sheep and cattle from its sister mission in Santa Clara, and it prospered. A large church was erected to accommodate the many Indians that were converted to the Catholic faith.

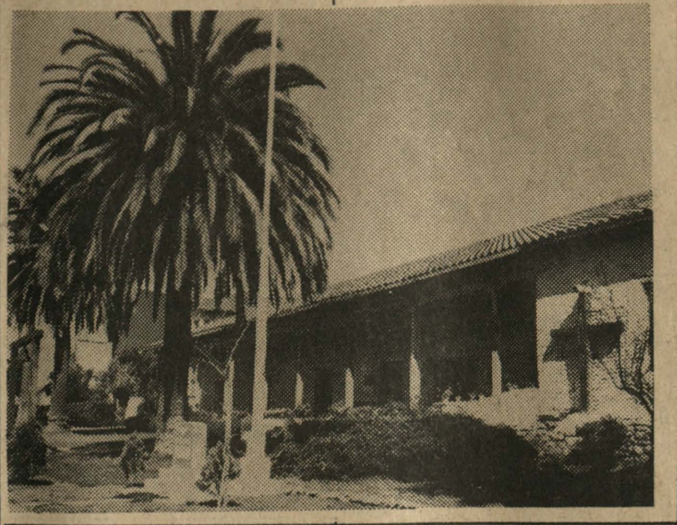
Mission San Jose served as a military base for campaigns against hostile Indians in the area. Most of the mission buildings were destroyed by earthquake in 1863. Some restoration was done but not until 1916 and additional rebuilding was completed in 1950. The part of the mission still standing was originally part of the monastery.

One of the padres at the mission, Narciso Duran, was an accomplished musician. During his tenure at Mission San Jose, he organized a band and tought the Indians how to play various musical instruments.

Mission San Jose is located on Mission Boulevard opposite Washington Boulevard in Fremont.

* * *

California's chain of missions extend from San Diego all the way up to Sonoma. There are 21 and they are approximately a day's walking distance apart. The missions were developed by Spain to strengthen its holdings in Alta California and to convert the Indians. Father Junipero Serra was responsible for developing the missions. Upon his death in 1784, the leadership of the missions passed to Father Fermin Lasuen. The missions are beautiful examples of early-day Spanish architecture and rank among California's most cherished landmarks.



The Wage-Price Freeze
Questions and Answers

Q - Can travel agencies raise their prices on tours in foreign countries?

A - Yes. Travel agents can raise prices on tours to the extent that the costs of foreign services offered in the tour package, such as foreign hotel rates, restaurant meals, transportation costs, etc., are increased. However, prices cannot be raised on that part of the tour package relating to services in the U.S. In addition, markup for overhead and profit cannot be raised.

The records of the travel agency must clearly establish that each increase meets this test. If it cannot be so demonstrated, this exemption will not apply to the increase.

Q - I'm a Federal employee and I'm supposed to get a within-grade increase next month. Can I still get this raise?

A - No. Merit and longevity increases, such as Federal Government within-grade raises, are not permitted during the freeze.

Q - My landlord is installing dishwashers in each apartment in my development. Can he use this as a reason to raise rent during the freeze?

A - An increase in rent can be charged for property which undergoes a substantial capital improvement, such as this, if this improvement equals at least three months rent with a minimum of $250 and would be classified as a capital improvement by the Internal Revenue Service.

If these conditions are met, the unit may be treated as a new apartment, with rent no higher than that charged on comparable apartments in the market area. Also, your monthly rent must not increase by more than 1½ percent of the amount spent for capital improvement.

Q - Who is running the wage-price freeze program?

A - The new Cost of Living Council determines the policies of the freeze and the Office of Emergency Preparedness answers questions and investigates complaints. Assistance with information and complaints is provided by 360 Internal Revenue Service offices throughout the country and 2,800 offices of the Department of Agriculture's Agricultural Stabilization and Conservation Service.

Q - Can my union raise dues during the freeze?

A - No. Dues for professional associations, trade associations, unions, country clubs, etc., are a fee for service, and, as such, are frozen.

Q - My employer wants to give me a cash award for a suggestion I made. Can I still get the award?

A - Yes. Businesses and government can continue to make cash awards during the freeze to employees for outstanding performance, provided that such awards continue to be given under the same formula and controls that existed in the month prior to the freeze.

Employers will have to maintain records on the incidence and amount of these awards which demonstrate that these programs are not used to give employees wage increases in violation of the freeze.

Q - Is the Internal Revenue Service the only place where you can get information on the wage-price freeze?

A - No. Information on the freeze and assistance with complaints is provided at the 10 Regional Service Centers of the Office of Emergency Preparedness, and the more than 2800 offices of the Department of Agriculture's Agricultural Stabilization and Conservation Service, as well as 360 Internal Revenue Service Local Service and Compliance Centers throughout the country.

Q - Are welfare payments covered by the freeze?

A - No. Welfare payments are not covered by the freeze. They are not payments for services rendered and, therefore, are not wages.

Q - What are some of the food products not subject to the freeze?

A - Raw agricultural products, such as fresh fruit and vegetables, fresh fish and seafood, honey, and other products that retain the same physical form they possessed when they left the farm gate, are not covered by the freeze.

All other agricultural and food products, such as frozen foods, slaughtered meats, etc., would be considered processed and subject to the freeze.

Q - The lease on my apartment is about to expire. I know my landlord has raised rents for new tenants in similar apartments. Can he now raise my rent?

A - No. If a tenant's lease expires, his rent may not be raised to the level being paid by new tenants in similar units.

Income tax nets state big income

California Franchise Tax Board collected $1.73 billion in individual and corporate taxes during the 1970 calendar year, according to the department's annual report.

Annual revenue declined by $7 million from the all-time high recorded for the 1969 calendar year.

Martin Huff, executive officer, said the decline was largely a result of the special 10 percent tax reduction allowed personal income taxpayers in 1969 and the effect of the general economic downtrend on corporation profits.

Department - administered taxes accounted for 42 percent of the State's 1969-70 general fund revenues.

There were 5.6 million personal income tax returns filed and $1.16 billion in personal income taxes collected during 1970. The report shows a five percent increase in the number of taxable returns and a 7.5 percent increase in the total income reported.

The average income per return was $10,953, compared with $10,676 the previous year. Of every 100 returns, 66 are filed by married couples filing jointly and 26 by single persons.

The balance are filed by head of household and married persons filing separately. Dividend income was reported on 24 of every 100 returns and interest income was reported on 51 of every 100.

Almost 137,000 bank and corporation tax returns were filed for the calendar year 1969 and income years ending in 1969. Collections totaled $569 million, $43 million less than collected in calendar 1969.

For State tax purposes, 39,000 corporations reported net losses and 17,000 reported no income or loss. Corporations in these groupings paid the minimum $100 annual franchise tax.

Campbell keeps Leigh scoreless

By Jeanie Harris & Debbie Hennen

Hard hitting defense and a determined offense led Campbell to a 13-0 victory over the Leigh Longhorns on Friday, October 8. The Buccaneers now stand 2-0 at the top of the W.V.A.L. standings.

Steve Davis started things rolling when he took a screen pass from Steve Garrido 25 yards down to the Leigh four yard line. From there Kelly Davis bolted across the goal line for the Buc's first touchdown. The two point conversion failed, and the score remained 6-0 until the second half.

The great Campbell defense continued to bottle up the Leigh offense. Dan Maguire was moved in at linebacker when first-teamer Brad Harrison was injured. Fourth quarter action picked up as Steve Davis intercepted a Leigh pass; at the Campbell 35 yard line.

Then Campbell's powerful offense went to work as they drove 65 yards in 12 plays, to make the score 13-0. Key plays were a 25 yard run by Kelly Davis, and a 15 yard jaunt around to the Leigh 5 yard line. From there Kelly blasted to the four and Steve Davis scored the touchdown.

Steve Davis led all Campbell runners with 150 yards on 25 carries. Campbell's offense totaled 325 yards passing and running for the third straight time.

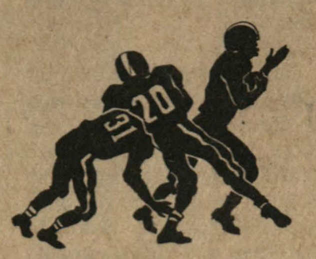
Football game pits Bucs-Dons



Varsity football coaches Al Matthews, Campbell High School, and Jim Clifton, Del Mar High School, said today the game between their schools originally scheduled for Friday, Oct. 15, will be played at 1:30 p.m., Saturday, Oct. 16, at Del Mar.

The coaches said the schools' frosh-soph football game also has been changed from its original Thursday, Oct. 14, date to Saturday and will proceed the varsity game, beginning at 11 a.m.

The change to Saturday will permit more people to attend the games. "With the exception of Friday night games at Los Gatos High School and the Thanksgiving Day games, all others in the West Valley Athletic League are played on weekday afternoons," the coaches stated.

"Last year, Saturday football games were experimented with for the first time in the WVAL and the increased turnout of fans was most encouraging.

"If the attendance Saturday indicates the community will support high school football games on weekends, perhaps more of them will be scheduled for Saturday next year," they added.

Campbell, with its 2-0 record in league play and a nonleague win over Fremont High School, is considered to be one of the best teams in the Santa Clara Valley as well as the WVAL.

Del Mar, which lost its nonleague opener to Lincoln High School, will be going after its first win in league play, having lost to Branham and Los Gatos the past two weeks.

Two Beret teams win

After bowing to the Cupertino Rattlers last week, the West Valley Berets resumed their winning ways Sunday with decisive victories over the Santa Clara (Mission City) Club.

The Red Berets walked over the Pintos 21 to 0 while the Green Berets over-powered the Broncos 28 to 0.

Only the Gold Berets failed, losing a hard-fought game to the Mustangs, 12 to 13 at Buchser High School.

All three of the Pop Warner youth football teams continue their "road trip" next Sunday, with the Green Berets meeting the Cowboys at Branham High School while the Gold and Red Teams meet the Milpitas Gold Knights and Green Knights respectively at Samuel Ayer High in Milpitas.

Game times are 10 a.m., noon, and 2 p.m. The public is invited and there is no admission charge.

"Paws" boost Prospect

"Panther Paws," the father's booster organization at Prospect High School, have already started supporting this year's athletic programs.

In order to provide necessary funds, the "Panther Paws" are again sponsoring the third Flea Market Sale at Prospect's parking lot on Sunday, Oct. 24 from 8 a.m. to 5 p.m. Selling spaces are available at $3 and may be reserved by calling 252-2962.

Refreshments will be served and a drawing for at least 10 prizes will be held at 4 p.m.

For the past two and a half years the "Paws" have sponsored numerous projects including purchase of a universal gym set, a pitching machine, movie camera, projector, films, baseball dugouts, scoreboards and perpetual trophies. The next priority will be to install a tartan track approach for the long jump for the benefit of track participants at Prospect.

The "Panther Paws" show films of the last football game every Wednesday night at 7:30 in Room 32 at Prospect. All fathers who wish to view the films are cordially invited.
